Have you tested for yourself the Edison claim that the reproduction of the Edison Phonograph cannot easily be distinguished from the artist's actual performance?

Hearing is believing—and we shall be glad to give you a demonstration at any time. We may not have the actual performance for actual comparison, but the astonishing quality of the record will speak—or sing—for itself.

# WAR TAX BILL PASSES HOUSE.

Increases are Made All Around.

Expected to Attach Numerous Provisions.

Leader Mann is in Chief Opponent.

IN A NIGHT WIRE.]

WASHINGTON, May 23.—The war tax bill, framed to bring the treasury \$1,100,000,000

new taxation during the year, passed the House by a vote of 235 to 74, late today, in the same form that it was passed by the Ways and Means committee two weeks ago.

The opposing votes were cast on the basis of the principle of the measure, although there are members on the Democratic

side who oppose to certain sec- tions of the bill. Material already is being contemplated by the Finance Committee as a part of the bill. Final passage of the bill probably cannot be completed in less than a

week. Features of the bill include increased income, inher- itance, gift, and estate taxes, and a new tax on the profits of the present customs free

# BARS DOWN TO MEXICAN LABOR

Government Acts to Prevent Shortage on Farms.

Aliens Barred by Literary Test Ordered Let In.

Southwestern States will Benefit by Action.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 23.—With the view to provide against a probable shortage in farm labor, Secretary of Labor Wilson today issued orders for the admission to the United States of aliens from Mexico otherwise barred by the literacy test or the contract labor clause of the immigration law.

Anthony Caminetti, Commissioner-General of Immigration, announced the order today, explaining that it was to relieve conditions in the Southwestern States, where farmers have been accustomed to import seasonal labor from Mexico. It will affect New Mexico, Arizona, Texas and California.

In a letter to officials of the department charged with the enforcement of the immigration laws, Secretary Wilson gave notice that it had been decided to exempt agricultural laborers from the Mexico contract labor proviso of the 1917 immigration law. He added:

"Aliens admitted under the provisions hereof are allowed to enter temporarily upon the understanding that they will engage in no other than agricultural labor, and any who fail to accept or after acceptance abandon employment of that kind and engage in the performance of labor in connection with other industries shall be promptly arrested and deported to the country whence they came."

"In cases arising under this circular the aliens involved shall be admitted without the payment of head tax."

SCENIC TREASURES REWARD THE SIGHTSEERS.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

MILWAUKEE, May 23.—Commenting on the action of the government in refusing passports to American delegates to the Stockholm conference, Victor L. Berger said:

"If this order of the State Department is not reconsidered, America will be the only country in the world whose government will not grant any passports to delegates for the purpose of attending an international Socialist conference in Stockholm, England, Germany, France, Italy and even Spain and Rumania will have delegates."

"The threat of Mr. Lansing to apply the Logan law of 1793 against Socialists who would go to Stockholm is rather characteristic for a government fighting for democracy. However, it is certainly gratuitous, since it is not the intention of any delegate to sneak his way over. Moreover, no boat will accept a passenger with no passport."

SENATE CONSIDERS FIRST FOOD BILL.

[BY A. P. NIGHT WIRE.]

WASHINGTON, May 23.—The government's first food bill, providing for a national foodstuff census and appropriating about \$15,000,000 for measures to stimulate production, was briefly considered by the Senate today and placed in position for continuous discussion, beginning tomorrow, until final disposal.

In the House, however, the second and more drastic administration measure for control of foodstuffs will be pressed for passage.

Opposition in the Senate, however, is largely centered upon the control measure.

the Democrats are opposed to it also.

At a meeting of the Washington correspondents held in the House press gallery today, resolutions were adopted expressing it to be the sense of the meeting that no action on the proposed voluntary censorship law was necessary at this time, in view of the patriotism and loyal disposition of the press, emphatically demonstrated during the present emergency.

Whether the administration will attempt to force through a censorship authorization was said tonight to depend upon soundings being made by leaders among the House and Senate membership, especially the former.

A COMPROMISE.

Should the leaders feel that there is a reasonable prospect of acceptance by the House of modified censorship, it was stated tonight that the compromise would be tentatively adopted and present the following provision:

"In times of war the President is hereby authorized to prescribe and promulgate rules and regulations for the purpose of preventing the disclosure to the enemy, or thereby to the enemy, of information with respect to the movement, numbers, disposition, or operations of any of the armed forces of the United States in naval or military operations, with respect to any works intended for the fortification or defense of any place; and whoever, in time of war, shall wilfully violate such rules or regulations shall be punished by a fine of not more than \$10,000, or by imprisonment for not more than five years, or by both such fine and imprisonment."

Provided, that nothing in this section shall be construed to restrict, nor shall any regulation herein provided for limit or restrict the disclosure, comment, or criticism of the acts or policies of the government or its representatives, or the publication of the same."

President Wilson is said to have accepted the principle of this provision, which was offered during the Senate debate by Senator Overman of North Carolina and rejected.

BORDWELL FOR  
SALARY RAISE.

## Denies Report that Teachers' Plea was Refused.

## No Committee Requested His Views, He Declares.

## Citizens' Ticket Strong for Recognizing Merit.

A report is being persistently circulated to the effect that Judge Bordwell, president of the Board of Education, has been waited upon by a committee of High School teachers for the purpose of ascertaining his views with respect to the increase of salaries of the High School teachers, as per petition presented to the board. These reports state that Judge Bordwell told the committee that not only is he not favorable to an increase of teachers' salaries, but that if he had his way, they would be decreased.

Judge Bordwell was asked yesterday if these facts were true. He replied: "They are absolutely false; they have no foundation whatever. No such committee nor any other individual that I was not favorable to increasing the salaries of teachers. Obviously, these reports are being made for political reasons—to injure the campaign for the election of the so-called citizens' ticket, composed of Lucius K. Chase, D. K. Edwards, Lynn Helm, C. C. Parker, Charles E. Seaman, Frank Simpson and Miss Bessie Stoddard. There is no justification for the suspicion that any candidate on the citizens' ticket will be opposed to increase of salaries where the same is properly due."

"It is well known that I am tremendously interested in the election of these candidates. These false reports are undoubtedly being circulated to give the impression that these candidates for whom I stand would oppose the increase of teachers' salaries."

"A petition on behalf of the teachers has been presented to the Board of Education asking for an increase in salaries. The petition states facts and presents arguments which make a strong case in support of the application."

"This petition is now under consideration by the board, and in due course of time will be acted upon. The fact that the cost of living has recently been very materially increased will be given due weight."

"The salaries for teachers for next year will be fixed by the present board, and not by the next board, which will take office July 1."

## ROAD WOULD BE COSTLY.

The Harbor Commission yesterday reported to the City Council that the estimated cost of the road between Wilmington and Terminal Island would be \$232,854.

The necessity of the road is undisputed, but it is believed that its building can be postponed for some time. The report was filed for future reference.

Dr. Alfred J. Dwyer and C. C. Pierce spent yesterday making a tour of the San Fernando Valley in the interests of their candidacy for the Board of Education. These candidates, who are members of the independent ticket, other members of which are J. H. Bean, Mrs. Cora E. Taylor, E. E. Cates and Charles J. McCormick, addressed numerous gatherings on their tour, asking the support of the voters for the entire county at the polls on June 5 on the basis of an economical, efficient administration for the children of the city.

## SOUTHERN PACIFIC TRAINMEN VOTE ON STRIKE REFERENDUM.

COPIES of a ballot and list of grievances reached this city yesterday for use in taking a referendum vote among the employees of the Southern Pacific on the question of whether, in defiance of the war pledge of the four brotherhoods to abstain from such agitation for the period of the war, they shall now go on strike. The ballots come from brotherhood headquarters, and the vote is being taken simultaneously and secretly at all points on the road.

Should the agitators who are engineering this move succeed in calling this strike, it would seriously hamper the work of moving supplies for the army and navy, which are now being shipped to all parts of the West in the government's efforts to mobilize its forces for the prosecution of the war.

The strike would affect the entire Southern Pacific system, and at a time like this would be nothing short of a national calamity, was the statement of a Southern Pacific official here yesterday.

The causes set forth for the referendum are given in the appended copy of the list of grievances which is attached to each ballot and which, after being read by the members, is detached from the ballot and the grievance list returned to union headquarters.

The causes are of a purely technical character and do not involve hours of labor or pay, but are a long list of petty rules and regulations which the company does not feel that it can, in view of its existing definite contracts with the individual brotherhoods, at this time conform to.

Southern Pacific officials say that while the men have been endeavoring to force the company to abrogate its contract, made in good faith, and which does not expire for a year or more, for the past six months that the majority of the grievances stated are of a minor importance, but that they are tacked on for the purpose of enforcing the

## SALE OF LIBERTY LOAN BONDS STARTED WITH A RUSH HERE.

AT A meeting of business men and bankers of Los Angeles held yesterday afternoon in the directors' room of the Security Trust and Savings Bank plans were formulated for the campaign that is expected to result in raising \$20,000,000 for the liberty loan of 1917, in this county. Practically every branch of industry in the city was represented. There were bankers, bond men, public utility operators, newspaper publishers, merchants and brokers present. From now until June 15 all efforts will be exerted by these men to help dispose of the first allotment of war bonds.

J. W. Harrison, personal representative of the Federal Reserve Bank of San Francisco, made a short address, outlining what the committee in San Francisco is doing to sell the liberty loan bonds in the territory north of the Tehachapi. Mr. Harrison stated that the northern committee expected the Los Angeles bankers and bond men would take care of Southern California.

Leslie B. Henry, a local bond broker, made a stirring appeal to the assemblage to lay aside all other matters until Southern California's allotment was oversubscribed. Mr. Henry dwelt upon the sacrifices that are being made by the young men of the country in joining the army and navy and said it was but the duty of the older men of the city to see that the financial burdens of the war are taken care of in as adequate a manner as the active fighting will be. He stated that upon a recent visit to the officers' training camp at the Presidio in San Francisco he found that the men there had already pledged \$15 a month out of their salary of \$100 towards the liberty loan.

Among those at the meeting yesterday were: J. W. Harrison, Federal Reserve Bank of San Francisco; W. D. Longyear, vice-president of the Security Trust and Savings Bank; Motley H. Flint, vice-president of the Los Angeles Trust and Savings Bank; Victor Rosetti, cashier of the Farmers' and Merchants' National Bank; H. A. McKee, vice-president of the Merchants' National Bank; W. A. Ballard, Southern California Edison Company; C. A. Henderson, Los Angeles Railway Company; W. A. Barker, Barker Bros.; Harry E. Andrews, managing editor of The Times; Max Imboden, publisher of the Examiner; Guy Barham, publisher of the Evening Herald; Harley Brundage, Express-Tribune; Leslie B. Henry, Rhythmic Company; Garretson Dulin, R. H. Rollins & Sons; R. E. Hunter, Blankenhorn-Hunter Company; D. K. Drake and Don Riley, Perrin-Drake & Riley; W. G. Kollock, Torrance-Marshall & Co.; R. H. Moulton, R. H. Moulton Company; C. A. Shedy, H. R. Worcester, Dr. Sigmond Hecht, Ed Lyman and L. T. Bradford.

## HARBOR'S MADE DEFENSE AREA.

No Vessels to Enter Nor Leave at Night—Patrol is Established.

Los Angeles Harbor has been formally closed and the entire area from the end of the breakwater to a point beyond the Long Beach pier is now a defense area. With the exception of fishing boats, no craft will be permitted to enter or leave port except during daylight. All vessels must report to the coast guard McCullough. The immigration boat Azalea has been placed on patrol. All fishing boats must be painted white above the water line and display license numbers on bow and stern.

# NO GRAIN FOR STRONG DRINK.

Such is the Demand of Local Episcopalians.

Ask President to Urge that Congress Act.

Patriotic Meeting to Occur at Noon Today.

Adoption of a resolution asking President Wilson to recommend to Congress as a national war measure prohibition of use of grain in making whisky and alcohol; lively discussions over proposed changes in canon; changing convention meeting time from May to January; nomination of diocesan officers; these were the principal features of yesterday's sessions of the twenty-second annual convention of the Episcopal Diocese of Los Angeles. The business sessions began yesterday forenoon in the parish hall of St. Paul's Pro-Cathedral. They were preceded by the annual convention communion service, conducted by Bishop Johnson. Clergy and laymen from many parts of Southern California were in attendance, and there were many spectators, who filled the galleries of the parish hall.

In Bishop Johnson's annual address to the convention he first paid memorial tributes to churchmen who have been called to their reward during the past year. He then reviewed the general work of the diocese, declaring that the year just closed had been a remarkable one; the church institutions have been successful, measured by the standards which are usually applied, but that all of them are in the making.

The latter portion of the bishop's address was highly patriotic in its character as he reviewed the various steps that have led this country into war.

## BISHOP'S ADDRESS.

"We are not at war today merely to protest against an atrocious kind of warfare," said the bishop. "Rather we are at war because the rights of free men the world over are being menaced; the rights earned by sacrifice and suffering of both the men who within the empire ruled by absolute sovereigns are seeking opportunity for self-expression and for self-government and the democracies of America, North and South, and the democracies of Europe are alike in the peril. The call has come to us to uphold once more the standard of Liberty, Fraternity and Equality for our brother-man everywhere."

"There is only one thing that we need for any cause that we may make, and that is the consciousness in our victory that we have helped to make men free and that we have contributed to the contest which will make such a contest again impossible in the future."

The report of the Committee on Canon, presented by Rev. P. H. Hickman, occupied the major portion of the afternoon. It brought out numerous spirited discussions.

Among the important changes voted for was that of changing the time of holding the diocesan convention from May until the first Wednesday after the 15th of each January, so as to bring it into conformity with the plan of having the every diocese in the United States begin its fiscal year at the same time. The result of this will be that the present fiscal year of this diocese will close on December 31.

The report of W. C. Mueset, the controller for the diocese, and his presentation of the tentative budget for the year, caused spirited debates. He showed that the diocese must raise \$1500 more than in the past year to meet the pensions of the clergy, and that the total income to be raised will be more than \$11,000.

The Committee on Finance proposed that there be adopted a plan for a graduated assessment upon each parish, instead of making simply an apportionment. The convention was divided on the subject, and it was not until close to 5 o'clock that the debate ceased and a vote was taken that resulted in the adoption of a graduated assessment plan. Parishes that do not meet this assessment will not be entitled to send delegates in the next annual convention.

## THE NOMINEES.

The nominations for which balloting will occur this forenoon, resulted as follows:

Standing Committee for the Diocese—Rev. C. H. Hibbard, D.D.; Rev. E. B. Gooden, D.D.; Rev. C. D. Dutton, Rev. J. Arthur Evans, Rev. C. E. Spaulding and Rev. W. J. Bedford.

Joint Laymen, W. F. Kerner, Dr. Joseph Evans, W. E. Brett and C. D. Adams.

Board of Missions—Rev. Bedford-Jones, C. E. Murphy, D. E. Laarned, D.D., George Davidson, T. C. Marshall, A. W. N. Porter, William MacCormack, C. E. Atwell and C. E. Deuell, D.D.

Diocesan Trustees—Bishop Johnson, C. E. Davidson, A. W. Morgan, J. E. Jordan, C. L. Ruppberg, Samuel Barling, Frank T. Finlayson, Gilbert T. Wright and H. Ivor Thomas.

Delegates to the Synod of the Province of the Pacific, which is to meet in Boston in September—Dr. C. E. Dutton, Dean A. G. H. Bode, Rev. George F. Wald, Rev. D. T. Gilmore, Rev. Ralph Smith, Rev. T. J. O. Curran, Laymen E. A. Lyon, W. C. Mueset, A. R. Evans and Dr. J. E. Coville.

Historiographer—Rev. H. P. Hickman.

Rev. W. J. Bedford-Jones, rector of the Church of the Epiphany, introduced a resolution, which was unanimously adopted, and which was telegraphed to President Wilson last night. It reads:

## PROHIBITION MEASURE.

"The Diocese of Los Angeles of the Episcopal Church, in convention assembled, strongly urges that you recommend to Congress the passage of a national war measure prohibiting the manufacture of whisky and alcohol from grain and reducing the revenue tax on converting fruit into brandy. Such a measure will help to prevent food shortages, will promote national efficiency in the army, shops and farms, facilitate the maintenance of law and order, protect our youth in military service from the means of intoxication and those diseases of which a high percentage is traced to drink."

The programme for today will begin with holy communion at 7:30 o'clock; morning prayer at 8 o'clock, followed by a continuation of the business session. At 12 o'clock this noon there will be a patriotic service in the Pro-Cathedral, with prayers for the country and a patriotic address by Bishop Johnson.

# DOG'S SAGACITY SAVES LIFE.

Doomed to Die, Collie Seizes Fleece of Fugitive, Spreads Alarm, Wins Home.

"Fannie," a stray Collie, doomed to take the gas route at the city pound, won life and a home for herself yesterday by her intelligence.

While Humane Animal Inspector Wilson was repairing his auto, the dog, which, because of evident refinement of breeding, had been given the liberty of the yard, dashed up to him, barked repeatedly, and pulled at his coat.

Inspector Wilson finally followed Fannie, only to discover the cookhouse in flames. The blaze was quickly extinguished.

Fannie was presented with a collar and a ribbon, and at the same time was designated official watchdog of the pound.

### SETTLED IN SECRET.

Lost-love Suit Against Rancher of Orange County, Involving Wife's Alleged Preference for Night Life With Another, Taken From Court Calendar.

The \$20,000 lost-love suit of Ricardo Flores against George Miller, an Orange County rancher, had a quick termination in Judge Willis's court yesterday. After a partial trial Attorney Pendleton, counsel for Mr. Flores, stated to the court the parties had reached an understanding, and he moved to dismiss the action. There was no opposition from Attorney G. P. Adams, and the motion was granted. It is understood a settlement in property was made.

Mrs. Anna Flores, the 30-year-old wife, was in court prepared to testify. Her husband testified he met Mr. Miller and Mrs. Flores on the street one night and followed them to a cafe on Main street. From there it was said they way led to a Hill-street hotel. There was also evidence given involving a peep over a transom.

## FIRST "JITBUS" CASE.

Rail Commission to Hold Hearing on Stage Lines' Pleas.

State Railroad Commissioners Loveland and Edgerton will hold a hearing tomorrow, in the office here, of the first jitney-bus cases brought before the commission under the authorization given it at the recent session of the Legislature.

The White Bus line, the Crown Stage line and the Valley Stage line have made applications to the commission for authority to raise their rates for the transportation of passengers between Anaheim, Fullerton, Los Angeles, Orange and Santa Ana, on the line that the present fares are unprofitable. The Valley Stage line is a co-partnership operating passenger buses between Anaheim, Fullerton, Los Angeles and intermediate points, and carrying on a joint tariff with the Crown Stage line, which runs between Anaheim, Orange and Santa Ana. The White Bus line has a number of jitneys between Anaheim, Fullerton, Los Angeles and intermediate points, and also connects with the Crown line.

## TAKES OWN LIFE.

Despondent because of ill health, George Erickson, 75 years of age, of No. 435 West Forty-eighth street, committed suicide yesterday in a vacant lot on Figueroa street near his home. Mr. Erickson was living with his son, Robert Erickson. For several months the aged man had been in ill health. Coroner Hartwell will sign a suicide certificate today.

# SWARTZ DENIES GRAFT CHARGE.

Alleged "Fixer" for Licenses on the Carpet.

Admits Receiving Money but Didn't Keep It.

Wrote Out Applications for "Beauty Parlors."

Ed Swartz, alleged "massage-parlor king," appeared before the Police Commission yesterday as a witness in the inquiry being conducted by that body regarding alleged graft in the award of licenses for massageuses.

Although eight women have testified that Mr. Swartz received money to secure licenses for these parlors, he yesterday denied the charges. "I didn't know who to go to with the money, so I returned it to her and have a receipt for it."

"I never represented to any massage parlor that I could secure her a license, nor have I said that my word was bigger than Mayor Woodman's. I have been accused of borrowing money from women employed in the massage parlors, but that is untrue. The charge that I have sold phony jewelry also is untrue. I never had a false stone in my possession, nor have I sold jewelry of any kind to girls."

According to Mrs. Abrams, Mr. Swartz was her partner by virtue of having secured her license. She told the commission that when she complained to him for having to divide her profits with him he threatened to have her license revoked. She said he never invented a cent in the parlors she conducted on South Olive street.

The commission took the matter under advisement.

### Pastor Takes Bride.

(Continued from First Page.)

retired minister, were the officiants. Dr. D. D. Cheney, also a retired minister, was best man, and Mrs. Cheney was matron of honor for Mrs. Craine.

Dr. Lundy was for many years a minister of the Southwest Kansas conference. He is a descendant of George Washington's family, his mother being a third cousin of the Father of His Country. The bride, who is the widow of the late Elijah Craine, a Kansas City contractor and architect, is a daughter of Dr. A. Bowman of Kansas City and a sister of Judge John Charles Bowman of Green county, Illinois. She was Commander of the Daughters of the Maccabees in Kansas City ten years and holds the same position in this city. She was recently elected Senior Vice-President of the Woman's Relief Corps, G.A.R. She has taken an active interest in Stanton Post, G.A.R., ever since she came to Los Angeles, and it was at one of these meetings nearly a year ago that she and Dr. Lundy met. The romance grew into an engagement three months ago.

Besides the attendants, Dr. and Mrs. C. E. Hillyard and Mrs. L. R. Fowler were present. This is the third marriage for the bride and the second for Mr. Lundy. He has four married children and the bride has two married daughters, one living in San Diego, the other in Tonopah. None of the children was present, but both the bride and bridegroom denied that there was a "runaway" match.

Dr. Vrooman, who assisted Dr. Locke in performing the ceremony, is an old friend of the bridegroom, having belonged to the same conference with him in Pennsylvania twenty-five years ago. After a honeymoon spent in Long Beach, Dr. Lundy and his bride will be at home at No. 1517 East Third street.

## BOY THIEVES BUSY.

Rob Grocery While Owner is at the Bedside of Ill Wife.

Three juvenile thieves entered a grocery store owned by J. Johnson, at No. 2000 West Temple street, last night, while Mr. Johnson was at the bedside of his wife, who is critically ill at the County Hospital. The cash register was rifled of \$50. Detective Gamah and Burgess arrived at the scene five minutes after the boys had left the store. They had jammed open a rear window.

## JAPANESE NURSE ALLOWED.

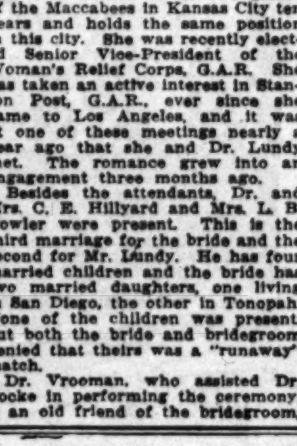

The City Council yesterday authorized the health department to appoint a Japanese nurse. She is to devote her time to supervising investigation of tuberculosis conditions among the Japanese and handling a clinic. The Japanese organizations are co-operating with the city in paying the expenses of such work, and the Council appropriated only \$100 toward the matter.

Call Wedding.

Wednesday evening at 8:30 o'clock a beautiful out-of-door wedding took place in the garden of the life's Gem Society, at No. 2525 Wilshire Boulevard, when Miss Margaret Fleming, daughter of Mr. and Mrs. Jefferson Fleming, bride of the day, was united in marriage to Mr. George Davidson of St. Louis, Mo., by Rev. J. C. Chichester, her father's minister.

The bride was radiant in a gown of white satin embroidered with silver and decorated with old rose point. A slim veil, brought back from the bride's head at the shoulders with a silver band, and a downward the full length of the gown, she carried a bouquet of white roses. The bridesmaids, Miss E. Duque, who was attired in a gown of rose chiffon and old lace with a transparent picture band, and Miss C. Brunner, who wore a gown of white tulle and white roses. A chile little of the valley completed her train.

The bride's father, Mr. Jefferson Fleming, was followed by her mother, Mrs. Fleming, and her sister, Mrs. E. Duque, who was attired in a gown of rose chiffon and old lace with a transparent picture band, and Miss C. Brunner, who wore a gown of white tulle and white roses. A chile little of the valley completed her train.

## A Little Discretion in Ordering

—selecting foods of highest nutritive value, foods most easily digested, and the most palatable. Most housewives find food values, no choosier about it, an easy matter.

You decrease the fuel bill, save the raw material expense, save time ordinarily wasted in marketing, and avoid the danger of disallowing every time you go downtown at Boos Bros.

We serve breakfast, luncheon, dinner and after-theater supper.

## Solving the Problem of Feeding the Family

For some time the daily newspapers have been telling of ADVANCES IN THE PRICES OF FOODSTUFFS. In face of such conditions, how is the housewife to solve the problem of feeding the family?

We suggest, as a possible solution, that the family first occasionally try one of our five dining-rooms.

instructor of civil engineering at  
the State College at Boulder, and  
First Lieutenant of Co. B, in the  
Engineering Corps.

Mother and daughter left for  
Colorado some time ago, but both  
have many friends in this city.

The wedding will take place the  
first part of June, and will probably  
be at the home of Mrs. Robinson's  
daughter, Mrs. Frank Streamer of  
Boulder.

Luncheon for Bride-elect.

Mrs. Orville Holmes Joy of No.  
2997 West Thirtieth street, gave a  
delightful luncheon recently in hon-  
or of her cousin, Miss Clarissa Fay  
Cord, who is soon to become the  
bride of Chester Nelson Drake of  
Ogden, Utah. The table decorations  
were elaborate, the color scheme of  
delicate pink being carried out in  
sweet peas, clovers, white lilies and  
carnations. The luncheon was fol-  
lowed by a handkerchief shower, the  
dainty kerchiefs being presented to  
the bride by the little niece, Mar-  
jorie Davis, and by Baby Holmes  
Joy, Jr. Mrs. Joy was assisted in  
entertaining by Mrs. John J. Kin-  
ahan.

Beautifully-appointed wedding.

A beautifully-appointed wedding,  
Saturday evening, was that of Miss  
Arline Thomas, Dean, daughter of  
Mr. and Mrs. William Dean of Dal-  
las, Tex., and William Henry Gar-  
ner. The marriage took place at the  
residence of Mrs. M. E. Budd for  
this city, who is an aunt of the  
bride, and represents one of the old-  
est and best known families of the  
State. Preceding the playing of the  
wedding march, Mr. Fred Johnson  
sang "I Love You Truly," and the  
lines of the ceremony were read  
by Rev. H. W. Chalmers. The bride  
is a native daughter of Texas, and  
possesses a voice of singular

## THE FIRST LITIGATION.

Father and son, both of them to move side by side. Not even the menace of the darkest days in our history is sufficient to stop the petty bickering that fill the calendars of our courts with trivial suits and delay the hearing of important cases until "speedy justice" is possible only outside the law.

Perhaps the first cause rests with the State Legislature, which passes, every session, enough laws to fill several thousand pages of new codes. Most of these laws are trivial in their nature and are passed in the payment of political debts. Then comes the charge of the ambulance chasers and the police court shysters. Causes for action are found in the most petty details of private life. Some are so trivial that the attorneys who present them in court should be disbarred. Injuries wholly accidental or illusory are advanced as causes for suits for damages. Two women quarrel over one man, the one that loses brings a suit against the other for alienation of affections.

Two schoolgirls in the primary grades were playing in a Pasadena school yard recently. A few days later one complained of pains in her shoulder. A physician said that the shoulder blade was fractured. Then came a suit for \$25,000, brought by one playmate against another for alleged malicious injury.

Two music teachers, each self-supporting, decide to wed and to open a studio. The male bled becomes enamored of their landlady and forsakes the home nest. The female bled brings suit, not against the husband, who isn't worth suing, but against the landlady who is reputed to be possessed of some property.

Applying for a position, a man gives his former employer as reference. The employer says that the applicant is careless about money matters, failing to pay his debts. Suit is brought for \$20,000 actual and \$20,000 exemplary damages against the ex-employer.

A boy is arrested for theft and lays the blame to a photo-play which he had seen. A social worker promptly brings suit for \$50,000 damages against the motion-picture company.

The secretary of a woman's club seeks reelection. Another member of the club receives a letter asking her not to vote for the secretary as the writer does not consider her a fit person for the place. There was nothing to justify a suit for libel, but action is begun, asking for \$10,000 exemplary damages.

An agent offers for sale a tract of land; another agent tells a prospective purchaser that the land is in the alkali belt. The first agent brings suit for damages, asking \$50,000, claiming that he had received in making the sale and \$10,000 for exemplary damages.

An electric car stands at the foot of a grade. An auto skids and hits the car, smashing up the machine. Damages are promptly asked in the amount of \$10,000; the allegation is made that the motorman should have seen the car skidding and moved out of the way.

The list could be continued almost indefinitely. Some of the suits are for hundreds of thousands of dollars, others for minor sums. But each must be heard on its alleged merits. The time of the court is consumed; other cases on the calendar must wait and the administration of justice is delayed until witnesses in important suits die of old age.

Administration of justice becomes yearly more complicated and more expensive. In twelve years the number of Superior Courts in Los Angeles has doubled; yet the present court calendars are worse clogged than those of twelve years ago. The chief fault lies with attorneys who take cases on contingent fees, often with blackmail in view. A suit is trumped up for the purpose of offering in court some compromising bit of evidence. The victim is then told the case can be settled for a fixed amount. Other attorneys bring hopeless suits for the sole purpose of getting their names in the calendars and, perhaps, in the papers.

Complaints against complicated codes go to the Legislature every session; the only result is further complications. This is but natural. In the last Legislature thirty-six of the eighty Assemblymen were members of the California bar; most of them were of the police court variety. Every member of the Judiciary Committee was an attorney, and the committee was a body so constituted to pass any legislation that would tend to lessen litigation. One remedy suggested during the session was an amendment to the Constitution providing that no member of the California bar could serve as a member of the Legislature. The situation is becoming so intolerable that rigorous action of some kind is imperative.

**THE STATUS OF THE CONSCRIPT.**  
The words "conscript" and "draft" seem to go against the American grain.

Yet as a matter of fact the men who come under this designation have reason to be proud of the fact that they have been selected as those best fitted to fight the battles of the country. In a democracy it is an honor to be chosen for service to the country, and the men who find "conscript" a hard pill to swallow should remember that their selection is the outcome of their physical and mental ability to undertake the service required of them. These men are our chosen protectors, selected from their fellows on their carefully-investigated physical and mental qualities. There should be pride that they are able to fill the requirements, that they are such sound, capable, able-bodied specimens of the race as to be able to protect the country can be delivered into their hands. Responsibility is an honor, and these able-bodied young men are entrusted with wide and deep responsibility for their country's sake. And by their exhibition of good service they can rise to high positions of authority, with the gratitude and affection of their country.

Conscription is not so much compulsion as permission to serve. It does not leave the safety of the country in those hands who have the time, opportunity, as well as the desire to volunteer, but makes it possible for every young patriotic man to join in the great work. Actually conscription is more thoroughly democratic than the volunteer system. When we can properly realize that conscription is merely a method of giving the country the chance to make the very best selection for its purposes, much of the sting is taken out of the word. Your conscript army represents the best young manhood of the land.

## Will He Do It?

### BILLBOARDS AND ART.

It appears that the massive billboards which ever and anon divert attention from our matchless scenery are themselves both literature and art. Their educational value has never been fully appreciated until now, when there is list of their removal from choice residence districts.

Two hundred square feet of lumber on which is painted a feverish representation of a spider-legged dude smoking a Funko cigarette is both a poem and a picture. Possibly, with the assistance of a vivid imagination, it can also be made to serve as both sermon and statutory. A flamboyantly-illustrated argument on the brewing of hops is an education in itself, and he who runs may read, for it is painted in letters two feet high. It obstructs the view of the cemetery, of course; but who wants to see a cemetery when they can garner glowing tidings of malt and hops?

Possibly our offspring might be reared in crass ignorance of the stimulating benefits of certain venerable brands of whiskey if they did not see the assertive picture of a pink-faced guy taking a nip from a chastely-painted flagon of the same. The billboard lines the pathway to the Sunday-school and so the young and retentive mind is treated to both art and education on the way. What's the use of the Bible or Shakespeare, anyhow, when a fellow can jump a jitney and read seven miles of corset and cigarette literature for a nickel?

Look what poor old Pericles, mislead. When he wanted to beautify Athens he went and cluttered the place up with a lot of costly marble, when he might have surrounded the Acropolis with a twenty-foot billboard and thus secured both literature and art for less money. The grandeur of old Rome was nothing as to what it might have been had Nero thought to border the Appian Way with an unbroken stretch of gaudy lumber. Probably the fall of Rome can be attributed to the unfortunate circumstance that it had no billboard to speak of.

According to the testimony of the self-sacrificing geniuses who put up our billboards and decorate them for us, their artistic and educational importance can be indefinitely extended. The fronts of the houses can be converted into billboards and there will be no reason why a man should buy costly canvas to hang in the interior of his home when he can have the arrogant splendor of the billboard in front. Instead of asking the company to look at his Corot or Sargent, the host can invite his guests to step out in front and gaze at the rich embellishment of Hilgins's sugar-cured hams. Let no barbaric hand assail the billboard at the moment when its great worth to literature and art is beginning to be grasped.

### THE PROGRESS OF THE WORLD.

One of the minor inconveniences of the great war is its interruption to some extent of that world communication to which the inventions of the later years have accustomed us. One hundred years ago a fast-sailing ship was thirty days in carrying news of the treaty of peace from London to Washington, and then a special messenger from Washington to New Orleans, with every facility for rapid travel, took nineteen days to make the trip and advise Gen. Jackson that a treaty of peace with England had been signed, weeks before Old Hickory and his riflemen had defeated Pakenham and his veterans.

Eighty-five years later Gen. Miles in Porto Rico stopped his army on the firing line on receipt of a message from Washington that an hour before Spain and the United States had signed a protocol suspending hostilities. The surrender of the Spanish forces in Cuba was known in Washington fifteen minutes after it occurred.

One hundred years ago there was not a mile of steam railroad on the earth; now there are enough miles to encircle the globe many times. Seventy-three years ago Morse flashed between Baltimore and Washington the first telegraphic message, "What hath God wrought?" Fifty-nine years ago the eloquent Col. Baker said: "Thought has bridged the Atlantic and cleaves its unfettered way across the deep, winged by the lightning and guarded by the blizzard, and two days afterwards, when the agent of the Associated Press, grown impatient

at the silence of the operator at the Newfoundland end of the Atlantic cable, wired him, "Why don't you say something?" De Sauty replied, in a phrase which should be commended to every politician and advertiser orator, "Because I have nothing to say."

And now a signal service operator in the Arctic sends wireless messages to ships in mid-Atlantic, warning them of the approach of a cyclone and the direction in which it is headed, and we get news at 10 o'clock in the morning of the result of a battle that occurred in Mesopotamia at 4 o'clock in the afternoon of the same day.

While the greatest war the world has ever known has for nearly three years devastated Europe, we in America have continued to utilize our fields and forests and mines and furnish profitable employment to millions of workers and to billions of dollars of capital.

Our entrance into that war will not check that progress. There will be some loss of our gallant young manhood. That loss we shall deplore with grief, but not lament with exultation at their achievements, but our industrial and commercial systems will meet the storm and the strain and emerge unscathed.

**The Mother's Prayer.**  
Father, I thank thee.  
First, because Thou hast made me a mother, and of all women the mother is most blessed.

Second, because Thou hast helped me to be a true mother, by giving me understanding that I may teach my children.  
Be with me in my daily tasks; shed Thy bright radiance about my home; that the young hearts growing here may be nourished with the living waters.

Guard them against evil, O Father, and keep them fresh in faith and trust. Keep them pure of thought and deed. Bless them with love and with strong belief in Those which exalts the heart and sweetens the life.

Strengthen them, Lord, with knowledge, and teach them to honor the duties Thou hast laid upon them. Give them the richness of spirit, and the eternal joy which earthly shadows but deepen. Guide them ever, O Father, and grant that they be well pleasing unto Thee.

In the name of Thine own Son, Jesus, I ask it, Amen.  
(Beatrice E. Harmon in Minneapolis Tribune.)

### FACTS TO FORGET.

[Cleveland Leader:] Indiana in 1916 mined approximately 16,000,000 tons of coal.  
Her embryonic authors burned 30,000 tons of rejected manuscripts during the same period.  
George Ade was reported engaged on seventeen individual occasions. John McCutcheon was married. And historical novels were produced to an exceptional degree.

The Authors' Union of Indianapolis strengthened its rules of membership by cutting down the number of apprentices and declaring against any publisher who might print any novel, short story, or historic article, whether fact or fiction, sponsored by a literary genius under the age of 16 years.  
Keen competition made this necessary.

A telegram was received yesterday by F. W. Pollard, scout executive of Los Angeles, from James E. West, national chief scout executive of New York, informing him of the appeal of President Wilson and the Treasury Department that the Boy Scouts of America help quench the interest of the people of the country in the Liberty loan.

The telegram was as follows: "D. W. Pollard, scout executive of Los Angeles.

"President Wilson and the Treasury Department have definitely appealed to us to secure the interest of the people of the country in the liberty bond issue under the slogan, 'Every Scout to Save a Ship.' Identically, we have under consideration a national Boy Scout short-term campaign for June 11, 15, 13 and 14, and the department of the country will find the vacant building transformed into a beautiful auto-

### SCOUTS WILL HELP.

Boy's Organization is Called in Interest of the Liberty Loan; Chief Executive Telegraphs Instructions to Leader in the Local Field.

A telegram was received yesterday by F. W. Pollard, scout executive of Los Angeles, from James E. West, national chief scout executive of New York, informing him of the appeal of President Wilson and the Treasury Department that the Boy Scouts of America help quicken the interest of the people of the country in the Liberty loan.

The telegram is as follows: "D. W. Pollard, scout executive of Los Angeles.

"President Wilson and the Treasury Department have definitely appealed to us to secure the cooperation of the people of the country in the Liberty bond issue under the slogan, 'Every Scout to Save a Soldier.' Confidentially, we have under consideration a national Boy Scout short-term campaign for June 11, 12, 13 and 14, conducted simultaneously, wherever there are scouts. The scouts will distribute printed matter furnished by the government and secure applications for local banks, pending developments. Please aggressively co-operate with the local banking committee. Have Boy Scouts in uniform intrigue persons to banks, desiring to subscribe. Telegraph if we may depend upon you for suggestions for increasing the effectiveness of our undertaking.

(Signed) "JAMES E. WEST, "National Chief Executive."

Mr. Pollard sent a telegram immediately, saying the Los Angeles Boy Scouts will co-operate in every way possible.
